Jim:

Next week Monday 10 to 2 pm is free and Wednesday afternoon is also open. Friday - all day works for me as well. All MST. Feel free to pick a time that works for you and lets pencil it down.

Thanks,

Rahul Subramanian

Rahul,

Just discussed this opportunity with some of my colleagues here at Suez. We'd like to take you up on your offer to discuss the project in a little more detail. Do you have some time in your schedule in the next few days we could connect?

Thanks,

Jim

James L. Good
Vice President, Sales
Environmental Services & Advanced Solutions

SUEZ

Jim:

We are looking for a two step procurement. The SOQ we are hoping to release by end of June/early July. After the shortlisting process, we hope to invite the candidates for the RFP process and work one on one to identify fatal flaws with the project. We hope to have a selection made (if we are able to find the right partner) by end of the year/early next year for a progressive design build to start in spring of 2019. The tentative schedule is listed below.

Tentative Project Milestones:
Release SOQ for P3 Developers: July 13, 2018 SOQs Submitted to UTILITIES: July 16, 2018 Shortlist P3 Developers: August 13, 2018 Release RFP for P3 Developer: October 12, 2018 Proposals Submitted to UTILITIES: December 7, 2018 Select P3 Developer: January 18, 2019
P3 Developer under Agreement: March 18, 2019

If Suez is interested, I am happy to schedule a call to discuss additional project details or answer any questions you may have.

Thanks,

Rahul Subramanian

Thanks Rahul.

Do you have a schedule in mind for the procurement?

Jim
